1 Introduction

1.1 Purpose of the Annual Report

The *Annual Report* provides the California Department of Education (CDE) a summary of the work performed by the Fiscal Crisis and Management Assistance Team (FCMAT)/California School Information Services (CSIS) to support and maintain the California Longitudinal Pupil Achievement Data System (CALPADS) during fiscal year 2021-22. For readability purposes, “CSIS” will be used throughout this report to refer to FCMAT/CSIS.

CALPADS is governed by the CDE, and, as excerpted from section 2 of the *Statement of Work for FCMAT/CSIS 2021-22 Support of CALPADS (SOW)*, the CDE’s overarching goals for 2021-22 were:

1. Continue to align and bring transparency to how the data local educational agencies (LEAs) submit to CALPADS are used for reporting (e.g. DataQuest) and accountability (e.g. California School Dashboard).
2. Continue to improve CALPADS performance, efficiency, and data quality to: (1) facilitate the submission, review, and use of data by LEAs, (2) facilitate the use of data by the CDE to meet its demands, and (3) enable CDE and FCMAT/CSIS staff to more efficiently maintain and update CALPADS.
3. Continue to reduce LEA reporting burden and at the same time increase data quality and use.

CSIS completes work on CALPADS on behalf of and under the direction of the CDE. This annual report provides the CDE with a description of the CALPADS activities completed by CSIS during the year; visibility into the budgeted and actual expenses; and the status of goals for the current year and potential opportunities for the next year.

1.2 Document Conventions

The first approved version of the document will be numbered 1.0. Minor revisions (that is, format, spelling, or clarification) will retain the major version number and increment the revision number to the right of the decimal (for example 1.0, 1.1, 1.2...).

1.3 Approval Authority

The CSIS Chief Operations Officer shall approve this *Annual Report* on behalf of CSIS before submitting it to the CDE. The Director of the Educational Data Management Division shall approve this *Annual Report* on behalf of the CDE.

2 *Planned Work for FY 2021-22*

When planning the work for the FY 2021-22, the CDE and CSIS agreed the overarching priorities for the year would be the development and implementation priorities identified in the SOW. Appendix A itemizes these priorities. As described in the SOW, the CDE can amend scope through a quarterly review process. Throughout the year, change requests were added, deleted, or rescheduled through this ongoing planning process between the CDE and CSIS. Appendix A also itemizes these change requests and their disposition.

Also, as part of the planning process, the CDE and CSIS developed an implementation schedule of major activities, milestones, and other important dates to coordinate the work. Consistent with prior practices, the schedule is based on timelines required to meet state and federal reporting requirements and supported by a software development methodology that uses sprints with a cadence of approximately two weeks between each software release to production. In the fourth quarter, the release cadence was shortened to one week.

This implementation schedule included:

- Software development and testing sprint schedules,
- Data refreshes to support quality testing in the staging environment,
- Production releases,
- “Block-out” dates in production when no deployment can be done to ensure the availability of the system for LEAs as a certification deadline nears,
- Initial LEA approval and SELPA approval dates,
- Certification and amendment window deadlines,
- CALPADS Information Meeting (CIM) dates, and
- Service Desk holidays.

The CDE and CSIS agreed the internal schedule would be updated when changes were approved by the CDE. The actual release schedule for the year is included in Appendix B.

3 *Work Completed in FY 2021-22*

This section of the annual report gives an overview of major efforts under each of the goals and major work activities described in section 2.2 of the SOW. Highlights of the major work completed under the 2021-22 *Statement of Work* include the following:

1. CSIS supported LEAs, student information systems (SIS) vendors and special education data systems (SEDS) vendors along with LEAs with custom student information systems through efforts such as:
 - Collaborated with the CDE’s Educational Data Management Division, Technology Services Division, Analysis, Measurement & Accountability Reporting Division, and Special Education

Division teams through joint management meetings approximately every two weeks to coordinate clear and timely communications regarding upcoming CALPADS system changes;

- Implemented a communication plan that included planning, drafting, reviewing, and disseminating information through multiple letters to superintendents, including 17 CALPADS Flashes, one CALPADS Information Meetings (CIM), four quarterly CALPADS Update meetings (each presented five times), bi-weekly vendor conference calls, and bi-monthly LEA/COE User Group Meetings;
 - Presented trainings together with the CDE, as well as independently, at
 - county offices of education,
 - various conferences, such as those sponsored by California IT in Education (CITE) and California Charter School Association (CCSA),
 - Aeries (fall and spring) SIS user group conferences; and
 - Presented informational updates at California County Superintendents Educational Services Association (CCSESA) steering committee meetings, including Technology Steering Committee (TSC) and Business and Administration Steering Committee (BASC).
2. CSIS provided LEAs student data privacy and confidentiality training, including:
- Tracked special education local plan area (SELPA) users for student data privacy training activities in Bridge, a learning management system; and
 - Offered a PowerPoint template that LEAs can use as a resource to reinforce key privacy and confidentiality concepts as they train local staff on data privacy best practices.
3. CSIS assisted CDE and LEAs with analysis and documentation of issues, change requests, and business process reengineering, including:
- Collaborated with the CDE CALPADS Operations Office in weekly change request and issue management meetings to discuss system enhancements, data population practices, and a variety of topics such as the restructuring of the SPED file, course code changes to support assignment monitoring, other issues and prioritized change requests;
 - Continued to collaborate with the CDE Special Education Division through weekly meetings on clarification of business rules, new requirements, LEA/vendor support, and communications;
 - Hosted weekly Q&As to provide LEAs an additional support channel and increased frequency as demand grew after the Post Redesign implementation;
 - Moderated the CALPADS two-way listserv;
 - Worked with the CDE on long-term planning priorities, including planning and analyzing change requests;

- Changed the FY 2021-22 Fall 1, EOY 3 and EOY 4 requirements and specifications for the students with disabilities data, including:
 - validations to improve the data quality of special education data,
 - addition of the new SELPA monitoring reports, and
 - restructured the career technical education (CTE) data collection to separate participants and completers for greater accuracy.

- 4. CSIS worked on CALPADS maintenance and operations activities, including:
 - Assisted the CDE with the File Submission redesign implementation;
 - Completed tasks related to software development, testing, configuration/deployment for multiple CALPADS environments (developer, testing, and production) and production support per the release schedule approved by the CDE;
 - Deployed approximately 36 releases and 21 patches consisting of 1010 user stories and 999 bug fixes to CALPADS, including software for the File Submission performance improvement project;
 - Maintained the CALPADS Known Issue list on a daily basis;
 - Completed CALPADS Service Desk intake, incident ticket and service request resolution and escalation;
 - Configured and maintained an environment to allow LEAs to test drive the File Submission redesign and navigation as part of UAT; and
 - Continued to maintain the staging environment and support SEDS and SIS vendors as they tested their systems with CALPADS File Submission and other changes.

- 5. CSIS updated automated testing and refined requirements, software development, and testing processes to improve quality outcomes, including:
 - Shifting the testing strategy to significantly increase automated unit tests, making tests performant and the system more resilient;
 - Unit tests increased from 224 in 2020-21 to 7,113 in 2021-2022;
 - Reconfigured and consolidated down the grouping of the user interface based automated test cases from 1,491 test cases in 2020-21 to 1,003 in 2021-2022 to provide enhanced coverage for system integration and UI interactions such as online maintenance, file uploads, certification, reports, and extracts to improve how the system provides feedback to LEAs about errors and inconsistencies in their students with disabilities data.

- Continued peer review processes for requirements, development, and testing;
 - Collaborated with the CDE's senior technical team on system operations and enhancements such as the File Submission project;
 - Hosted demonstrations of completed software as well as retrospective meetings to identify quality or process issues after each agile sprint (roughly every two weeks);
 - Held continuous service improvement meetings to assess standard operating procedures and plan process improvements; and
 - Reviewed and refined standard operating procedures, including Change Management, Requirements Management, Sprint, Software Development, Testing, Service Desk, Client Training, and Continual Service Improvement.
6. CSIS trained and supported LEAs for Fall 1, Fall 2, EOY 1, EOY 2, EOY 3, EOY 4, cohort processing, including student data privacy and specific training on the File Submission redesign, through the following activities (additional detail can be found in Appendix C):
- Assessed knowledge, skills, ability to resolve all validation errors a month before deadlines and experience of LEAs, placing them into three groups to provide appropriate level and tailored training and support. At the end of the fiscal year, the waves were:
 - Wave 1, beginners: 258
 - Wave 2, needs some guidance: 741
 - Wave 3, experienced: 975
 - Continued to expand video offerings on the YouTube Channel, and tracked training course completions;
 - Developed and produced a new CALPADS training course on the File Submission redesign workflow process, statewide student identifier (SSID) and multiple identifier (MID) process changes and the new data discrepancy workflow;
 - Presented behavioral incident reporting in a joint training session with CDE for nonpublic, nonsectarian schools (NPS);
 - Improved the CALPADS User Manual, a web-based resource, with direct links to short video clips;
 - Hosted Q&A meetings two to three times a week to meet the increase in demand for timely information and assistance; and
 - Monitored LEA progress toward certification in 6 data collections and provided technical assistance.

7. CSIS assisted LEAs in developing and implementing strategies to improve the accuracy and timeliness of CALPADS data, including:
 - Introduced a new tool to help data coordinators evaluate their CALPADS competency levels in time management, data leadership, curating and using quality data, critical thinking and being a coalition builder;
 - Monitored LEA progress in resolving validation errors;
 - Increased the visibility of how CALPADS data are used in federal and state reporting, including the consequences of failing to certify data; and
 - Capturing additional information on each LEA such as SIS and SEDS used and years of CALPADs experience in order to provide appropriate, responsive assistance.
8. CSIS provided effective management, office support, and technology services to CSIS staff, including:
 - Directed and supported CSIS operations, including human resources, fiscal, and business functions;
 - Expanded use of Microsoft TEAMS for regular collaboration and Zoom for improved staff engagement during larger meetings;
 - Managed and maintained CSIS infrastructure, including CSIS-hosted CALPADS development environments, and provided internal service desk services to support CSIS staff working on CALPADS activities; and
 - Provided fiscal and program reports to stakeholders.

4 *Work Accomplished by Quarter*

The CSIS organization provides CALPADS maintenance and operations services largely through three departments: Requirements Management, Information Systems, and Client Services. Business analysts in the Requirements Management department assist the CDE in managing issues and change requests, elicit and analyze requirements and business rules, and generate user stories that document discreet units of software development and testing work activities. Software developers and testers in the Information Systems (IS) department code and unit test enhancements according to user stories and also complete bug fixes escalated by data analysts. Network systems staff in the IS department manage and maintain the CSIS infrastructure. CSIS testers are responsible for system testing software code from CSIS and CDE developers. The Client Services department includes field support technicians/specialists who train users and client support technicians and data analysts who provide technical support to LEAs.

The 2021-22 SOW describes the CSIS software development processes at a high level, from requirements and change management to implementation, as following agile-scrum methods of planning, managing, and completing work activities with the goal to develop and fully test increments of

functionality that can be released to production at the end of each sprint, or roughly every two weeks (except in the fourth quarter when the cadence was increased to weekly). These high-level processes are further elaborated in CSIS standard operating procedures (SOPs) that identify the impacts of change requests to the existing system as well as identifying scope, establishing schedules, and capacity planning through collaboration with all stakeholders. These SOPs also dovetail with SOPs for development and testing to ensure comprehensive traceability and best practices are used across processes.

CSIS leverages the IT Infrastructure Library (ITIL) best practices to govern CALPADS operations, training and support, and examines its agile application lifecycle practices for continuous service improvement quarterly and annually using key performance indicators for each SOP.

This section of the annual report provides a narrative of the work completed in the FY 2021-22 and is organized chronologically by quarter for context. The File Submission project presented an opportunity in the first quarter for the CDE to change software development processes. In the fourth quarter, the CDE announced organizational shifts within the Information and Technology Branch that separated the roles and responsibilities for CALPADS among the Education Data Management Division, Analysis, Measurement and Accountability Reporting Division, and the Technology Services Division. CALPADS work processes will continue to be discussed and refined in FY 2022-23 and roles and responsibilities for CALPADS maintenance and operations are expected to be further documented within the FY 2022-23 SOW for clarity.

4.1 First Quarter, July – September

In the first quarter, the CALPADS team supported LEAs to certify their data for the prior year's EOY submission. Approximately 99.6% LEAs completed all four EOY submissions with an LEA Approval. Meanwhile, the training team began updating training for the upcoming Fall 1 submission.

Compared to the high volume of changes in the prior two years coming from the transition of collecting students with disabilities data to CALPADS, the focus for 2021-22 was to address the system's performance issues through the File Submission project while implementing a much smaller number of functional changes.

On September 14, 2021, the CALPADS team implemented annual changes by adding, modifying, or retiring codes and valid code combos as well as modifying input validation rules (IVRs). These changes affected numerous files, including Student Enrollment (SENR), Student Information (SINF), Student Program (SPRG), Course Section Enrollment/Completion (CRSE/CRSC), Special Education (SPED), and Work-based Learning (WBLR). This software release also added new mailing address fields to the Student Information (SINF) file to improve accuracy in mailing assessment results and pandemic electronic benefit transfer (P-EBT) cards.

The CALPADS team also prepared the software for the Fall 1 submission including:

- Modification of all Fall 1 Local Control Funding Formula (LCFF) reports to revert data ranges to pre-COVID business rules;
- Addition of a new certification report for one-year dropout counts; and
- Removal of certification Report 2.12 - English Language Acquisition Status – ELs Reclassified since certification of these counts have moved to EOY 3.

The File Submission project kicked off in this quarter under new leadership from the CALPADS Operations Office. Through small group meetings, the changes to be included in the project were coordinated with the CDE's CALPADS chief technical architect. A minimalist process approach was used for this project.

In preparation for the File Submission project, the CALPADS team created a proof of concept for using Modern Requirements, a requirements management tool integrated with the Microsoft DevOps application lifecycle management tool for capturing CALPADS requirements. The team quickly used this tool to create 773 validation diagrams and generated nearly 2,000 data scenarios as acceptance criteria for unit testing. This helped to identify overlapping, contradicting, and outdated validations. Resolving these issues helped to focus the development and testing effort on the File Submission project.

The original timeline to release the improvements that were part of the File Submission project was mid-September 2021, but to ensure adequate time for developing training materials and to provide previews of the new validation processes, related reports, and SSID management processes, a new schedule for release was set for mid-March 2022, after the completion of the Fall 2 submission. The shift in the timeline also greatly reduced risk to LEAs and any impacts to their funding.

4.2 Second Quarter, October – December

In the second quarter, the CALPADS team assisted LEAs to achieve initial approval of Fall 1 data by December 17, 2021 and meet the deadline to enable the CDE's School Fiscal Services Division to calculate the first apportionment (P-1). SPED certification validation rules (CVRs) were tightened to improve data integrity and coherency within CALPADS. However, many SPED CVRs required LEAs to work closely with their SEDS vendor through a tedious local correction process that vendors and LEAs and SEDS processes did not improve from the prior year. To alleviate this burden and obtain the information needed for P-1, the CALPADS team implemented an emergency change request that temporarily downgraded the error severity from fatal to warning to enable initial LEA approval of Fall 1 data.

The CALPADS team also prepared the system for the collection of Fall 2 data, including system enhancements for:

- Implementing changes based on the analysis of prior year data for assignment monitoring (e.g., changes to numerous validations and staff level reports to provide LEAs additional visibility into the data);

- Adding two new SELPA monitoring reports of students with an active IEP: Report 16.7 - total counts and Report - 16.8 student detail to give LEAs additional insight; and
- Updating Fall 1 ODS reports to align with snapshot reports to provide LEAs with a view of current data in the system.

The CALPADS team also continued to finalize requirements for the 2021-22 CTE data collection to further align requirements for the federal Perkins V collection that provides LEAs with funding for the improvement of secondary and postsecondary career and technical education programs. The system needed to track all participants, and the concentrator counts were no longer required. This work required completion of an impact analysis for how these data would be stored and retrieved in CALPADS data structures with updated specifications to be implemented for all existing CTE related reports.

Modifications were also made to the Student Absence Summary (STAS) file to assist the state in collecting additional information to help families qualify for the 2021-22 P-EBT program.

The CALPADS team, including staff from the CDE CALPADS Operation Office and CSIS, continued to have detailed weekly discussions and meetings with the CDE's Special Education division team to analyze the functional requirements and improve collecting special education data in CALPADS. Numerous meetings with student information system vendors, special education system vendors, and SELPAs were also conducted during this period to collect and consider user feedback.

The CALPADS requirements team collaborated with the CDE program offices, SPED information system vendors, and SELPA coordinators to redesign the SPED data collection process to improve the overall data quality. Work activities included:

- Identifying the key business requirements to meet state and federal reporting requirements,
- Conducting a gap analysis on the existing data collection and system functionality,
- Documenting an in-depth proposal for a redesigned data collection, from system impacts to end-user ease of use. This proposal included detailed business rules for:
 - 3 new file formats
 - 1 modification to an existing file
 - 1 retiring of an existing file
 - 14 code sets and valid code combinations
 - 55 input validation rules
 - 25 certification validation rules
 - 61 data discrepancy rules
 - 75 reports and extracts
 - 6 user interfaces to be modified
 - Data Conversion – extensive business rules that would automatically create new records in the new file formats based on existing SPED data to establish new baseline data to ease the burden of these changes on the LEAs and SELPAs.
 - Impacts to the MID anomaly process
 - Impacts to the cohort process
- Facilitating meetings with vendors and SELPAs in September 2021, November 2021, February 2022 that included iterative discussions on proposed solutions and incorporating feedback from several major overhauls of proposed solutions.

4.3 Third Quarter, January – March

When the severity of SPED CVRs were changed back to fatal, the CALPADS support team followed up with all LEAs throughout the amendment window to ensure they approved a new revision that passed all CVRs in January 2022. Fall 1 data certified by February 16, 2022 were used by the CDE for second apportionment (P-2) calculations.

Consistent with past practice, the start of the Fall 2 submission was scheduled to start after the initial Fall 1 deadline passed to make sure LEAs focused on completing Fall 1 on time. Fall 2 revisions started on January 4, 2022. Through diligence and effort, 99.8% of LEAs certified their Fall 1 data by February 16, 2022, and 99.6% of LEAs certified their Fall 2 data by March 21, 2022.

During the third quarter, the File Submission project was the sole focus of the CALPADS development and testing team. Through an “all hands on deck” approach, the CALPADS team worked as quickly as possible to complete the system changes before shifting focus to prepare CALPADS for EOY submissions.

The goal of the File Submission project was to reduce the time it takes to validate and post data. The CALPADS team worked to:

- Replace the single-lane file posting queue with a multi-lane file posting queue;
- Reduce the number of validations that occur upon file input by focusing on validating only data within the incoming file rather than comparing the data in the incoming file against data in the CALPADS Operational Data Store (ODS);
- Post a file only if it passes all input validations;
- Eliminate partial-post, and auto-post files only if it passes all input validations;
- Move validations that were previously conducted on input, but which require comparing data in the incoming file against data in the CALPADS ODS, to display after the file has posted in new data discrepancy reports, which also include validations that will eventually become Certification Validation errors;
- Redesign the Statewide Student Identifier (SSID) assignment process to exclude the comparison of demographic data in the incoming file to demographic data in the ODS; and
- Run anomaly detection throughout the day to provide immediate feedback regarding Multiple Identifiers (MID) anomalies.

4.4 Fourth Quarter, April – June

The File Submission project released initial changes to CALPADS on April 18, 2022, after data conversion had completed; however, remaining questions about system functionality and requirements lingered, resulting in confusion as to whether the system was functioning as intended or if additional changes were needed. It became evident that the shift to minimalist processes created a challenge for the team; instead of identifying system impacts in advance, requirements and system impacts became an ongoing discovery and reconciliation process. As an example, the File Submission project moved input validations to a later point in the workflow as data discrepancies, but the workload to add data discrepancies to EOY was missing from the sprint planning process.

The CDE provided a document detailing new development sprinting and release processes on April 27, 2022 that shortened releases from every two weeks to weekly. While this new process would enable finished code to be released to production sooner, less is accomplished each week, in part due to the additional overhead of weekly releases and reduction by 50% of time available to complete work. Initially, the shift in process caused the team to constantly carryover work from one week to the next. Eventually, the team adapted by downsizing the number of items to be included in each release.

Although the CALPADS team was challenged by an enormous workload that included fixing ongoing production issues stemming from the File Submission project changes, delivering features required for the EOY submission, and adapting to the new planning, development, and software release processes, everyone understood how important the EOY data were to populating the California School Dashboard and worked extra hours to meet the demands. Ultimately, the ongoing File Submission project work delayed the CALPADS team from completing the software changes needed for EOY submissions until mid-May. To enable LEAs to begin submitting their data and receiving feedback on data quality, EOY submission opened on June 2, 2022, after the CALPADS team completed the necessary EOY software changes, including:

- Modifying cohort processing by adding exit codes to distinguish between Transition Work-based and Classroom-based Work Experience to assist in calculating College and Career Indicator (CCI) measures;
- Refining numerous CTE reports, including new reports to parse out participants and completers;
- Implementing changes to the Absence Summary (STAS) file to assist the state in collecting the required data to meet the intent of AB130/AB167;
- Implementing continual improvements to the overall data quality of EOY 4 special education (SPED) through related validations and reports to handle special data scenarios.

The adjusted cohort graduation reporting (ACGR) was also changed to run year-round with the current cohort (2021-22) ending at the close of the EOY submission.

The CALPADS team continued to work on remaining data discrepancies and EOY features, and the approve button on the certification screen was enabled on August 3, 2022. The initial certification

deadline of July 30, 2022 was eliminated and an amendment deadline scheduled in the 2022-23 fiscal year. Approximately 65% of the service desk tickets at this time were requests for assistance, and 9% of incidents were primarily related to inquiries about certification errors and reports.

Overall, the File Submission project experienced difficulties in planning and coordination, particularly in managing the timeline and scope given the resources available to complete work activities, but the File Submission project was achieved the primary goal of reducing the amount of time it took for CALPADS to post data. The CALPADS Operations Office conducted a post-mortem to capture feedback on the project and suggestions for improvements.

During the File Submission project implementation, the CSIS team supported the CALPADS Operations Office by increasing transparency and frequency of information presented to LEA CALPADS coordinators through weekly updates about the system and increased opportunities for LEAs to ask questions and obtain information from Q&As.

5 *Budgeted and Actual Expenses for FY 2021-22*

Revenues for CSIS central operations and administration include prior year carry over, state appropriation, contracts, and local tax revenues. As reflected in the budget allocation, major expenditures include personnel (salaries and benefits), as well as rents, leases, and repairs among other items. Appendix D includes the FY 2021-22 budgeted and actual expenses for the fiscal year. Appendix E includes details regarding CSIS staffing during the fiscal year.

CSIS had \$6,705,191 in revenue. This revenue included a multiyear contract with the CDE for a visiting educator in a data reporting liaison role between the two organizations. CSIS estimated actual expenses in 2021-22 were under the annual appropriation of \$6,508,000 due to vacancies in staffing, both technical and non-technical. Vacancies in as of June 30, 2022 include one information systems officer and one field support specialist/technician.

Multiple attempts were made to recruit and fill the vacancy left by the Business Analyst who retired in 2018-19 but were unsuccessful. An additional Business Analyst retired in 2019-20, increasing the constraint on workload. In 2020-21 two consultants were hired to fill the gap and one continued partway in 2021-22. As the File Submission project moved into the development phase and the Business Analyst resource was no longer needed, the positions closed. Short-term consultants for two programmer analysts and one testing analyst were retained to meet the needs of the File Submission project.

The 2022-23 SOW budget reflects an estimated amount as *Hold for Unexpected Expenses* which may shift as the Business Office completes its year-end processes.

The estimated total for rents, leases, and repairs in 2021-22 is approximately \$380,506. This figure is based on long term lease agreements. A small amount is budgeted for tenant improvements in the shared areas of the building where the landlord recovers these costs from tenants each year; the actual amount varies from year to year.

The 2021-22 communications expense of \$8,945 includes costs related to shipping equipment and supplies.

Some monitors, desktops, and laptops are replaced each year under a three-year replacement plan that is aligned with manufacturer warranty and support. These expenses are captured under supplies and non-capital equipment. Infrastructure expense of \$6,019 includes replacement of a storage area network (SAN) that had reached end of support. Replacing and upgrading the infrastructure will continue in 2022-23 to keep the virtual infrastructure up to date with warranty and maintenance requirements.

6 *Status of Goals*

6.1 *Status of 2021-22 Goals and Improvements to Consider for 2022-23*

In reflecting on the accomplishments of 2021-22, goals set forth in the 2021-22 *Statement of Work* were met through the CALPADS team's work activities.

Reflecting on the work of the past year, and in the spirit of continuous improvement and working better together, finalizing mutually agreed upon work processes consistent with best practices that are pragmatic in meeting the needs of the CALPADS team to deliver consistent, high-quality software and high-quality data to educational stakeholders should be the main focus of improvements to consider for 2022-23. Accomplishing this goal through completion of the 2022-23 SOW and any supporting documents that further clarify the CDE and CSIS work processes is critical to our joint success in maintaining and operating CALPADS in a way that serves the larger K-12 data ecosystem.

6.2 *Goals for the 2022-23 Statement of Work*

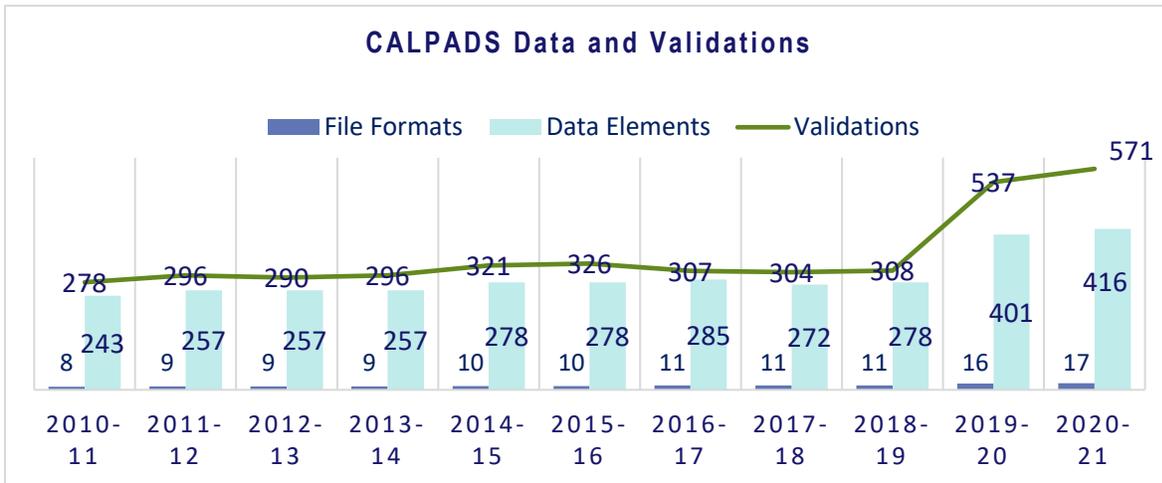

The CDE and CSIS are longstanding partners with mutual interest in advancing timely and accurate data for informed decision-making among educational stakeholders. CSIS looks forward to continued collaboration with the CDE to meet its vision and goals for the CALPADS application. The has CDE recommended that the goals from 2021-22 should continue to apply in 2022-23 and the CDE overarching goals and CSIS major work activities in support of goals have been incorporated into section 2 of the Statement of Work for FCMAT/CSIS FY 2022-23 Support of CALPADS.

7 *Summary*

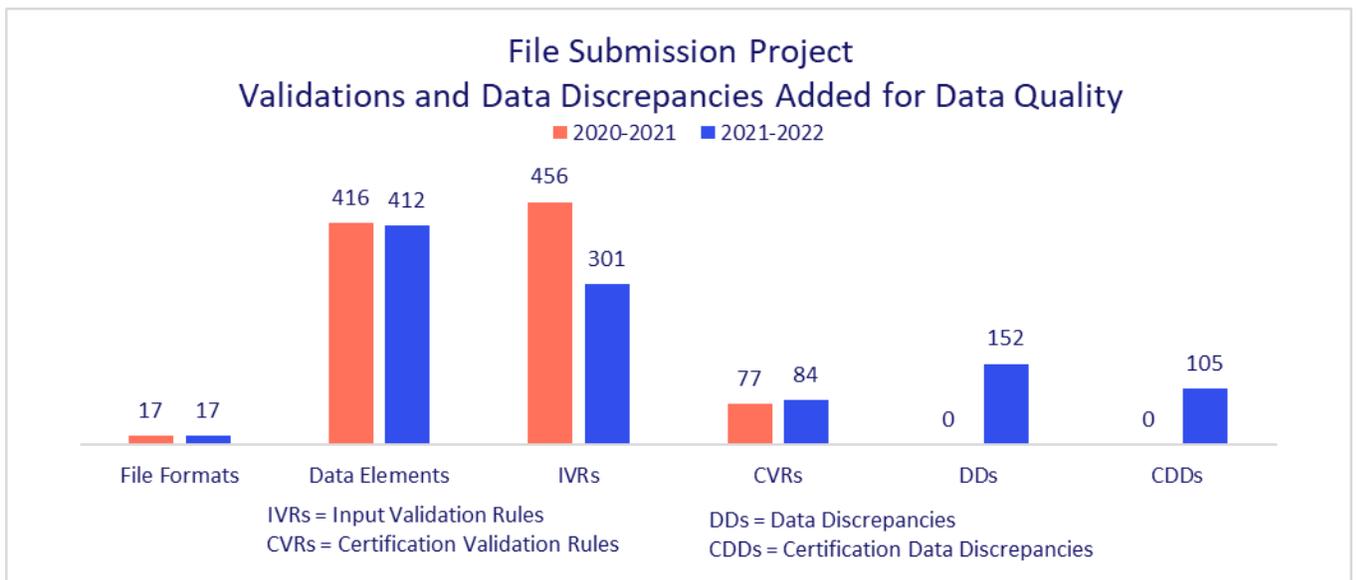

In 2021-22, CSIS worked closely with the CDE to meet major work activities and build support among organizations for increased data quality and use. Engagements included virtual presentations as well as direct support to LEAs, student information system and special education data system vendors. The year continued a trend of significant changes for CALPADS that affected each submission period and will help to build a stronger data ecosystem for the state of California. The major accomplishments for 2021-22 included many system enhancements and bug fixes to CALPADS to provide educational stakeholders

with information and context to be helpful in responding to evolving dynamics brought on by ongoing responses to the COVID-19 pandemic.

Data quality remains a key focus for the CALPADS team, and as the number of data elements continue to increase in CALPADS, validations increase also, as seen in the chart below.

The File Submission project was the largest and most complex project undertaken by the CALPADS team in 2021-22, and while a priority goal was to improve system performance, it was important to also maintain data quality. The File Submission project reduced the number of input validation rules to allow data to be posted to the system faster, achieving the performance goal. The File Submission Project added new data discrepancy (DD) validations and increased the overall number of validations required for certification of data. While the chart below shows a decrease of 155 input validations, 152 data discrepancies were introduced to take their place. Together with an increase of 7 certification validations and 105 certification data discrepancies, the changes from the File Submission project helped improve CALPADS data quality.

As part of the CALPADS team, CSIS completed significant CALPADS work in 2021-22. Appendix F provides a detailed accounting of work items completed. CSIS will continue to help the CDE operate, maintain, and enhance CALPADS in an efficient and effective manner consistent with CDE direction. CSIS remains committed to completing high-quality work in a mutual environment of continual improvement.

Appendix A – 2021-22 Development Priorities

Excerpted from Section 3.2 of the FY 2021-22 Statement of Work:

2021-22 FCMAT/CSIS development and implementation priorities will include:

- Fixing all Severity 1 and 2 defects, and high priority Severity 3 defects as identified by CDE and FCMAT/CSIS. (Goal 2)
- Implementing CALPADS high priority system enhancements to meet business requirements and technical changes (Goal 2) as specified in approved Change Requests (CRs) by:
 - Creating database tables
 - Implementing code sets and valid code combinations
 - Developing input validation rules (IVRs) and certification validation rules (CVRs)
 - Developing user interfaces
 - Creating reports
 - Modifying existing IVRs and CVRs as needed
 - Modifying existing reports to point to new functions/tables
- Depending on resources, implement additional other smaller change requests as determined by CDE. (Goals 1, 2)

Enhancement priorities are established through CRs, which require approval from the CDE. The complete list of potential change requests, as of June 1, 2021, for 2021-22 are included in Appendix D – 2021-22 CALPADS Change Requests, by release month. This list will be prioritized continuously by CDE and reflected in the quarterly updates to the SOW. Approved units of work will be organized by FCMAT/CSIS in the backlog for implementation. High priority enhancements include:

- CR 1344: Collection of Student Test Settings (STSE) data through batch and application programming interface (API). (Goal 3)
- CR 2131: Phase III Assignment Monitoring/Course Updates (Goal 1)

In addition to the enhancement priorities identified above to meet business or legislative requirements, CDE has identified critical technical changes and deem them to be a high priority to improve system performance/user experience. The CDE will develop the proof of concept specifically for these identified solutions, and then will work in collaboration with FCMAT/CSIS on a development/implementation plan depending on available CDE and FCMAT/CSIS resources to include:

- CR 1254 (Goal 2): Post Redesign*: Redesign the architecture for how data comes into CALPADS. This will include identifying changed data prior to posting to shorten the time it takes for data to post to the ODS as well as a new ODS database structure. For 2021-22, this CR is CDE's highest priority. FCMAT/CSIS use of the Modern Requirements tool will assist with evaluating validations documenting data scenarios for use in quality assurance activities.
- CR 1852 (Goal 2): Course Data Redesign – Redesign of the course data collection for Cradle to Career readiness. CR 1852 is a continuation of the larger CR 2131 effort to update the way CALPADS collects course data.
- CR 1648 (Goal 1 and 2): Special Education (SPED) Redesign: Redesign the SPED data collection to ensure program eligibility is simple to determine and remains independent of play type changes, enrollment transfers between LEAs, additional data needed for monitoring purposes, and reduce unnecessary duplication and storage of data.

- CR 1344 (Goal 1 and 2): Add new Testing Accommodations File (STSE)
- CR 1425 (Goal 1): Namesearch/SSID Matching Process Logic - Developing a comprehensive solution for documenting, implementing, and testing the replacement for Namesearch with Elasticsearch into CALPADS.
- CR -TBD (Goal 2): Develop a solution to migrate away from the use of SSIS packages. New work will utilize Azure Data Factory following the proof-of-concept examples as provided by CDE.
- CR-TBD (Goal 1 and 2): Modify the CALPADS reporting structure for the CALPADS ODS reports to greatly reduce amount of time LEA users must wait for refreshed ODS Reports.

NOTE: *The Post Redesign project described in the 2021-22 SOW and related change request was renamed File Submission project. The term “File Submission project” has been used throughout this Annual Report.

Appendix B – Change Requests for 2021-22 as of June 2022

As part of the CALPADS team, CSIS worked with the CDE on long-term planning priorities. Some change requests were for future implementation, and some were withdrawn after analysis was started or rejected during analysis. The list below includes change requests for 2021-22 as part of the approved scope of work (SOW). A subsequent table within Appendix B lists additional change requests incorporated after July 1, 2021 based on review and approval by CDE.

CR	Change Request and Target Release Month based on 2021-2022 Scope of Work	Status
July 2021 Releases		
929	Modify CALPADS for Collection of Address Info in CALPADS (Residence & Mailing Address) & (Temp mod to field name DE 2.36 - 2.40 "Residential Address")	9/14/2021-Implemented
1592	Create New Student Exit Category (T168 - Alternative or Independent Study School Discharge)	9/28/2021-Implemented
1912	Modify Job ID Sort Order to be Descending (High to Low aka Most Recent to Older)	8/9/2021 - Withdrawn
1973	ELPAC - Add TBD to ADEL to Most Recent ELAS Status - Subsequent ELAS Valid Code Combo	9/14/2021-Implemented
1985	Add a Job ID Quick Search box to left hand nav	9/14/2021-Implemented
2008	Update Definitions for Special Education Meeting Type Codes (10, 15, 20, 40) and Special Education Program Settings Codes (400, 403, 500)	9/14/2021-Implemented
2014	Modify Glossary Term Exceeded 60-day timeline	8/3/2021-Implemented
2039	Modify Course Code 9216 to be specific Student Assistant-Credits/Grades and Create Two New Distinct Courses for Teacher Prep and Student Assistant-No Credits/Grades	9/14/2021-Implemented
2040	Modify Definition of Course Code 9217-Homeroom, Study Hall to Include Grades/Credits Earned	9/14/2021-Implemented
2051	Modify Service Frequency Definition to clarify yearly, monthly, etc.	9/14/2021-Implemented
2068	Add New IVR - Prevent Grade 12 students from exiting with E155, possibly add new Exit reason for Grade 12 continuing on	9/14/2021-Implemented
2075	Fall1: SELPA Supporting Report Extracts	10/12/2021 -Implemented
2076	Modify SPED/SSRV 0009 to include Meeting/Amendment ID in order to prevent scientific notation from coming into system	9/14/2021-Implemented
2103	Modify SENR0287 (E155 and new E156) date restriction from May 15 - Aug 15 to April 15 - Aug 15	9/14/2021-Implemented
2106	Add 40-Triennial and Meeting Delay 85 (Did Not Pas Hearing and/or Vision Screening) combo to SPED Meeting Type-Meeting Delay VCC	9/14/2021-Implemented
2123	Split Course Code 9373 - Leadership/Military Science into two codes - 9373 - Leadership/Military Science and 9374 (NEW) - JROTC	9/14/2021-Implemented
2128	Modify TOMS Student Export Logic for Race/Ethnicity to Match CALPADS	7/13/2021 - Implemented

CR	Change Request and Target Release Month based on 2021-2022 Scope of Work	Status
2129	Modify Course Code 9214 (teacher librarian) and add new code for teacher librarian courses not requiring Special Class Authorization	9/14/2021-Implemented
2134	16.8 and 16.7 Monitoring report - Modify Missing IEP goals glossary term to account for students transferring from IEP to ISP.	8/3/2021-Implemented
2139	SELA - Retire (End Date = 6/30/2021) Correction Reason Codes 2 (RSVP) and 3 (HLS) and Associated CurrentELAS-SubmtdELAS-CorrCode Valid Code Combos and Validations	6/29/2021-Implemented
2141	Updated Education Plan Type-SPED Program Setting VVC to allow for IEP - 200 and Parentally Place in Private School-403 combo due to IEP Settlement Agreement	6/6/2021-Withdrawn
2152	Modify Sped Monitoring Report 16.7 and 16.8 logic to include Pending Initial Evaluations for Students with N470 exits	6/6/2021-Withdrawn
2159	TOMS Student Enrollment Export Modifications for 2021-2020 - Send values for Foster (Include Tribal FY), Add ELAS Correction Reason Code and Add Description Column	7/13/2021-Implemented
August 2021 Releases		
1985	Add a Job ID Quick Search box to left hand nav	10/12/2021-Implemented
1995	Modify SINP0060 (Student Initial US School Enrollment Date K-12 Greater Than Student's earliest K-12 Enrollment Start Date) to Exclude N470 and Change Severity from W to F	7/22/2021-In Progress (moved out another year)
2163	ELPAC Results File from ETS Modifications for 2021-2022 - Remove Correction Reason Code, Add New Column for Processing Sequence, and Update Processing to Hourly	8/17/2021-Implemented
September 2020 Releases		
1402	Retire SIAD (Student Address Subtype)	10/11/2021-Implemented
1526	Add Grade Level AD to Snapshot report 1.6, 1.7, 1.9 and report 1.10, 1.11	9/10/2021-Duplicate of CR 1449
1566	Fall 1 - Add new Special Education Annual Data Comparison Report	10/18/2021-Implemented
1738	Enable SPED0360 (Invalid Disability 2 Code)	9/14/2021-Implemented
1843	Add short-term enrollments as default for all Fall 1 Enrollment Reports	9/28/2021-Implemented
1877	Remove AY 21-22+ access to SN & C/A 2.12 and 2.13	9/28/2021-Implemented
1895	Retire/Remove Data Element 3.25 - Runaway Youth Indicator from SPRG - Part2 Removal from CFS & UI	9/14/2021-Implemented
1896	Retire/Remove Data Element 9.31 - Charter Non-core Non-College Prep Indicator from CRSE file: Part2 removal from CFS & UI	9/14/2021-Implemented
1903	Assignment Monitoring: Add new data element to the Staff Demographic File (SDEM) to capture whether or not a teacher is authorized to teach Transitional Kindergarten	7/15/2021 – Analysis Complete (moved out another year)
1983	Modify DE 1.34 (Adult Age with Students with Disabilities Transition) Name	10/12/2021-Implemented
2028	Fall 1 - Update 16.xxx reports for SN and SELPA to not look at most recent active plan but only most recent ACTIVE SPED record	10/12/2021-Implemented
2029	Use new COESELPAAdminOnly - Y/N Field in ESI to Exclude "Y" Relationships from CALPADS UIs and Reports	10/12/2021-Implemented
2044	Fall 1- SN and SELPA 16.3 - Add program setting code filter	10/12/2021-Implemented

CR	Change Request and Target Release Month based on 2021-2022 Scope of Work	Status
2048	Fall1: Add Revision ID & Date to SELPA Reports	10/12/2021-Implemented
2059	Fall 1: Use ESI to determine the current record when LEAs change SELPAs for 16.x Series Reporting Logic	10/12/2021-Implemented
2077	Fall1: Add Revision ID & Date to Fall Reports	9/28/2021-Implemented
2095	Fall 1 - Modify 16.2 and SELPA 16.2 Column Name Regular Early Childhood Program or Kindergarten (201) by removing "or Kindergarten"	10/12/2021-Implemented
2102	Fall 2: Updated ODS Report 4.3 and Create New ODS Reports 4.5, and 3.8 (3.7?)	11/23/2021-Implemented
2110	Fall 1 - Modify CVR 168 trigger to ensure validation triggers when Special Education Program Setting Code is = 201 (early childhood setting)	10/12/2021-Implemented
2111	SPED IVR - Add new IVR to prevent students aged 5 and in kindergarten from using Special Education Program Setting Code (201 -early childhood setting)	10/12/2021-Implemented
2126	Umbrella - Update Fall 1/Fall 2 2021-2022 reports for new exit codes, etc.	10/12/2021-Implemented
2138	Modify SPED0399 trigger to Remove Age and Add Education Plan 150	10/12/2021-Implemented
2150	SPED File Format 2021-2022 - Update Operational and Primary Keys	9/14/2021-Implemented
2165	Fall 1 - SPED0406 - Change Severity to Fatal and Update Trigger Logic to Remove Reporting LEA/SELPA	8/9/2021 – In Progress (moved out another year)
	October 2021 Release	
1641	Add ELA Status to Student Course Section UI & Report 3.8	9/2/2021-Withdrawn
1919	Revisit LCFF reports to see if November 13th end date for EL funding Eligible needs to be removed and Revert Date for FRPM (10/31) and DC (Nov Run)	10/12/2021-Implemented
1965	Modify Title I (5–17-year-olds) filter on Report 1.17 so that the "Total Enrollment" column includes ALL students (not only 5-17)	10/12/2021-Implemented
2018	Add new CVR that prevents schools from certifying ZERO enrollment	9/14/2021-Withdrawn
2144	Add/Modify Dropout reports for certifying dropouts for Fall	9/28/2021-Implemented
	November 2021 Releases	
2090	PSTS: Modify business rules for reports 17.1 and 17.2	11/9/2021-Implemented
2132	21-21 Fall 2 (Assignment Monitoring): Issues/Modifications to Validations needed with SDEM/SASS/CRSE	10/26/2021-Implemented
	December 2021 Releases	
2131	Umbrella: Phase III Assignment Monitoring/Course Updates for 2021-2022	10/26/2021-Implemented
	January 2022 Releases	
1175	Fall 2 – Add new Fall 2 Report linking from 4.1 that breaks down Administrator, pupil services, and non-certified administrator counts	8/26/2021 – In Progress (moved out another year)
1832	PSTS: Add validations for CPA students	8/26/2021 – In Progress (moved out another year)
2066	Add new data element to WBLR for 21-22 - ROC/P Where Completed	8/26/2021 – In Progress (moved out another year)
2112	EOY 4 - Add new Special Education Annual Data Comparison Report	3/22/2022-Implemented
	March 2022 Releases	
1344	Umbrella: Add new Testing Accommodations File (STSE)	11/8/2021-Withdrawn
1735	Modify TOMS Student Export to Include all new Test Settings Fields (STSE) for the 2021-2022 Academic Year	11/8/2021-Withdrawn

CR	Change Request and Target Release Month based on 2021-2022 Scope of Work	Status
1771	STSE - Add the Edit/Add/Delete Functionality to STSE Modal	11/8/2021-Withdrawn
1786	Umbrella: CASEMIS - Add IVRs for the new STSE file format	11/8/2021-Withdrawn
1788	CASEMIS: Add new code sets and/or valid code combinations for new STSE File Format	11/8/2021-Withdrawn
1991	STSE: Modify 1.0a Expected Schools Information Report to account for STSE data	11/8/2021-Withdrawn
2025	STSE Batch Template	11/8/2021-Withdrawn
2062	STSE: Add STSE to Certification Error Report 1.0	11/8/2021-Withdrawn
2063	STSE: Add Data Extracts (Rejected Records and ODS)	11/8/2021-Withdrawn
2067	STSE: Add an Application Program Interface (API) Process which enables interaction with Special Education Data Systems (SEDS)	11/8/2021-Withdrawn
2114	Cohort Processing - Modify Cohort processing to account for new exit codes E156 and T168	3/22/2022-Implemented
	May 2022 Releases	
1245	Create new EOY2 trend CVRs (Warnings) for Foster and Homeless	2/3/2022-On Hold
1437	Create a new supporting CTE report that shows district trends in course enrollment	9/23/21-Withdrawn
2092	EOY 3 - Add trend edit CVR to 1 -year grad	3/22/2022-Implemented
2136	Modify Cohort transaction table, Outcome table, and 15.2 report to separate Transition work-based and Transition classroom-based work experience into two separate groups, columns, and filters.	3/22/2022-Implemented
	Other Change Requests Analysis & Technical Enhancements for 2021-2022 Note: The list for Technical Enhancements may change following more discussions between CDE and FCMAT/CSIS.	
1254	Umbrella: Post processing modifications	4/18/2022-Implemented
1852	Umbrella: Course Data Collection Redesign	Moved out to 23-24
1648	Umbrella - SPED Data Collection Redesign post 19/20	Moved out to 23-24
1425	Update Namesearch/SSID Matching Process Logic	Ongoing

Quarterly Review of Change Requests Added after July 1, 2021

A quarterly review as excerpted from section 1.4 of the 2021-22 Statement of Work (SOW) captures CDE approval of modifications to the SOW resulting from CR/IS meetings and planning decisions based on the following review cycle:

Review Cycle	Review Date	Reviewer	Status-Action Needed
October 2021	10/26/2021	CDE Management & CSIS Management	Review and update change requests
January 2022	1/31/2022	CDE Management & CSIS Management	Review and update change requests

April 2022 (also included through June 2022)	4/30/2022 6/30/2021	CDE Management & CSIS Management	Review and update change requests
----------------------------------------------	------------------------	-------------------------------------	-----------------------------------

CR	Added Change Requests after July 1, 2021 Based on Target Release Month	Status
July 2021 Releases		
2118	Add/Modify Language Codes (Note Different Start Dates for New Codes) and Associated VCC-CrsGrpST-ContentSbctgy (Note Different AY Effective Dates)	7/13/2021-Implemented
2148	Documentation Only: Update Education Service English Learner definitions	7/13/2021-Implemented
2169	Expected Schools - Update CTE/WBLR/PSTS for Middle School Grade Levels 7th & 8th from "P" to "N"	8/3/2021-Implemented
2172	EOY 4 - Disable CERT171 (No EOY 4 SPED Data Submitted for a School)	8/3/2021-Implemented
August 2021 Releases		
2178	DOC ONLY: Update SPED Program Setting Code 400 and SPED Service Location Code 210 Definitions	v13.1, dated 10/6/2021 of Code Set
2300	PSTS: Require School for all Education Program Types	v13.1, dated 10/6/2021 of Code Set
September 2021 Releases		
2154	Create Extract of the User & Roles Search Results	9/14/2021-Implemented
2158	Modify Internship Employer Performance Evaluation Code Names and Definitions for 2021-22	9/14/2021-Implemented
2170	Modify SENR0225 to Remove retired code T270	7/16/2021-Implemented
2182	Fall 1: Update CERT160 to Warning for Fall 1 2021-2022	9/28/2021-Implemented
2185	Modify Correction Reason Code - ELAS code combination to no longer allow TBD > IFEP or EL and allow EO > TBD	10/6/2021-Implemented
2188	Modify IVR 326 to prevent Students from having an SSID with two ELAS statuses on the same day	9/14/2021-Implemented
2192	Documentation Only: Update EL Service Code Definitions	10/6/2021-Implemented
October 2021 Releases		
1270	ODS Report: Add footnote to Report 8.1b to help clarify date range for exits in ODS report	10/12/2021-Implemented
2177	SPED Meeting Type Code Names Updated in 21-22 - Update Column Headers for SPED Monitoring Reports (16.7 and 16.8) and Glossary Terms	10/6/2021-Implemented
2181	Update District of Residence header label under SENR Container to District of Geographic Residence	10/6/2021-Implemented
2189	Update Oops error to be more prescriptive	10/26/2021-Implemented
November 2021 Releases		
2193	Fall 2: New IVR to ensure there is an SDEM record for active SASS record	11/9/2021-Withdrawn
2194	Fall 2: New CVR for Multiple Teacher Code (CRSE)	10/26/2021-Implemented
2195	Fall 2: New IVRs for Multiple Job Classification Codes (SASS)	10/26/2021-Implemented
2207	DOC ONLY: CALPADS codesetsv13-20210719.xlsx omission in Disability Category	11/3/2021-Implemented

CR	Added Change Requests after July 1, 2021 Based on Target Release Month	Status
2208	Fall 2: New CVR to prevent SPED courses with students not identified as SWDs	11/9/2021-Implemented
December 2021 Releases		
2173	Admin Tool enhancements - Dashboard/Revision Process Status	12/21/2021-Implemented
2203	Add Additional Local Assignment Option (LAO) Codes	12/21/2021-Implemented
2219	Fall 1 - Temporarily Change all Fall 1 2021 Fatal SPED CVRS to Warnings (Total of 8 CERT Errors)	12/21/2021-Implemented
2220	Fall 1 - Change all Fall 1 2021 SPED CVRS that were Temporarily Changed on 12/13/2021 to Warnings back to FataIs (Total of 8 CERT Errors)	12/21/2021-Implemented
January 2022 Releases		
1258	Fall 2: Re-enable CERT050, and change logic for CERT50, 51, and 53	11/9/2021-Implemented
1828	Create SELPA Level Reports for SWD-Monitoring (16.7 - Counts and 16.8 - Student List)	2/1/2022-Implemented
2084	Add new IVR preventing SASS records for school 0000001 or 0000002	1/11/2022-Implemented
2130	Add revision ID to CALPADS Approval email message	2/1/2022-Implemented
2197	Add new validation to restrict use of Instructional Level Codes 23 - College Credit Only and 24 - Dual Credit to be used for ONLY CTE Courses (7000-8999) and College credit course codes	2/1/2022-Implemented
2199	LEA/SELPA 16.7/16.8 (SWD - Monitoring Reports) - Updated Report Names, Add Footnotes and Modify Business Rules	2/1/2022-Implemented
2202	Retain WBLR record association after MID merge	12/21/2021-Implemented
2216	Prod and Post - Modify Submitted ELAS VCC and Correction Reason Code VCC to remove submitted IFEP, EL, TBD (without correction codes).	1/11/2022-Implemented
2217	ODS LCFF Reports 1.17, 1.18, 1.19, 1.20 - Add Tribal Foster and ADEL (ELAS Code and EL Funding Eligible)	1/11/2022-Implemented
February 2022 Releases		
2226	Modify CERT174 to only require one SWD instead of all SWD in course	2/1/2022-Implemented
March 2022 Releases		
2225	Modify SPED0538 and SPED0539 - Meeting date Cannot exist between the dates of another SPED record to account for 10, 20, 40	3/22/2022-Implemented
2245	Modify values in CTE Non-Traditional Gender Column in Valid Code Combos for 2021-22	3/22/2022-Implemented
April 2022 Releases		
2223	Post Redesign - Disable SENR0021, SENR0024, SENR0025 and create three new IVRs	4/29/2022-Implemented
May 2022 Releases		
2155	EOY 3 - Modify SN Reports 1.22 Graduate/Completer - Counts to add three new columns and 1.23 - Graduate/Completer - Details to golden state seal of merit diploma	2/22/2022-Implemented
2174	EOY 1: Update CTE Reports to split out participants and completers (SN 3.14, 3.15, 3.19, 3.20, CA 3.14 & 3.19)	3/22/2022-Implemented
2179	Expected Schools - Separate out EOY 1 CTE/WBLR to EOY1 CTE and EOY1 WBLR and update NPS to P for EOY 4 SPED	2/1/2022-Implemented
2184	Modify EOY 16.xx reports to clarify school of attendance and grade level when student has multiple enrollments in same LEA during report period	

CR	Added Change Requests after July 1, 2021 Based on Target Release Month	Status
2191	STAS: Update File Layout for 2021-2022 based on AB130/AB167	1/11/2022-Implemented
2211	EOY 4 - Update CERT 160 to Warning for EOY 4 2021-2022	3/22/2022-Implemented
2214	Post Redesign - Add new Data Check IVR to ensure ELAS code progressions are Valid	4/29/2022-Implemented
2236	Modify 14.1 and 14.2 to Align Data Quest definition of Chronically Absent and STAS File Layout 2021-2022 based on AB130/AB167	4/12/2022-Implemented
2262	DOCUMENTATION ONLY: Modify definitions of Course Codes 9500 and 9501 to include language about credentialing for WEE	V13.2, dated 4/8/2022 code set updated
	June 2022 Releases	
2263	Add new message on MID resolution screen warning focus ID users that a combination will result in CCE	6/3/2022-Implemented
2268	Documentation only - Modify definition of Student Offense Code 501 for EC 48900(a)(1)	V13.2, dated 4/8/2022 code set updated

Appendix B – Actual Schedule for FY 2021-22

FY2021-2022

CALPADS Internal Calendar

JULY 2021

Appendix F – Detailed Accounting of Work Completed

In the FY 2021-22, CSIS worked on approximately 36 releases and 21 patches that included 1010 user stories and 999 bug fixes to CALPADS, including the File Submission performance improvement project

ID	Work Item Type	Title	Source ID	Priority	Severity
52533	User Story	SPED0399 - Missing Infant Regional Center Services Eligibility Indicator - Modify Trigger and Error Description	CR 1254; 2138	2	
51908	User Story	SINF0061 Missing Enrolled in US School less than Three Cumulative Years Indicator	CR 1254, CR 2161	2	
52657	User Story	SINC0516 - Mismatch of Student Incident Attributes	CR 1254	2	
53332	Bug	FS Redesign SINC fields Student Instructional Support Indicator & Statutory Offense Indicator should not be boolean and should allow null values		2	3 - Medium
53266	Bug	Cohort 15.2 - Student should be counted as Still Enrolled and not dropout ISSUE=5744 PROJ=18	5744	2	2 - High
53321	Bug	SSID Extract pulling non k-12 enrollment date ISSUE=5749 PROJ=18	5749	2	2 - High
51762	User Story	IVR0034 - Duplicate Record within File	CR 1254	2	
52499	User Story	Add/Modify Language Codes (Update Start Dates for New/Existing Codes to 7/1/1990) and Associated VCC-CrsGrpST-ContentSbctgy (Note Different AY Effective Dates)	CR 2118	2	
53340	Bug	EOY 3: Fatal Cert166 triggering on a student who is less than 22 years old ISSUE=5753 PROJ=18	5753	2	2 - High
52324	User Story	PSTS0484 - Fatal: If Education Program Participation Type Code = 30 (SPED), then the user must be assigned the PSTS for SPED Students Edit role.	CR 1254	2	
52625	User Story	SSRV0448 - Missing Service Frequency Code	CR 1254	2	
51990	User Story	SPED0363 Student Age must be between 0-6 years for this Special Education Program Setting Code	CR 1254	2	
52651	User Story	PSTS0483 - User not authorized to submit CPA and CTE data	CR 1254	2	
53360	Bug	CVR Endpoint returns a 500 error when there are no files submitted		2	3 - Medium

ID	Work Item Type	Title	Source ID	Priority	Severity
52612	User Story	SPED0361 - Invalid Primary Residence Code and Special Education Program Setting combination	CR 1254	2	
53286	Bug	DSEA Extract: UI does not allow for SELPA Multiselect.		2	2 - High
53337	Bug	Academic Year defaulting to 2021-22 on the Certification Status Screen ISSUE=5752 PROJ=18	5752	2	3 - Medium
53354	Bug	Update Process End Date Validation on Cohort Calendar		2	3 - Medium
53343	Bug	EOY 4: SN 16.9 & 16.10 missing students some exited students ISSUE=5754 PROJ=18	5754	2	2 - High
53319	Bug	EOY 4: SN 16.9 & 16.10 are only including plan type 100 ISSUE=5747 PROJ=18	5747	2	3 - Medium
52667	User Story	SPRG0533 - Invalid NSLP Education Program Membership End Date	CR 1254	2	
52304	User Story	SENR0321 - Fatal: If student is enrolled in a SBE charter school, the School of Attendance code cannot equal the county-district code of the SBE charter.	CR 1254	2	
52321	User Story	PSTS0480 - CTE student must have exited SENR record	CR 1254	2	
53007	User Story	SSRV0446 - Duplicate records submitted within the file		2	
53303	Bug	EOY 4: Invalid Fatal SPED0434 Error ISSUE=5745 PROJ=18	5745	2	2 - High
52623	User Story	SPED0443 - Invalid SELPA for Reporting LEA	CR 1254	2	
52320	User Story	PSTS0479 - Missing SPED or SPRG Special Education record	CR 1254	2	
53356	Bug	EOY 1: SCSC is failing the Post step for one LEA ISSUE=5756 PROJ=18	5756	2	2 - High
52666	User Story	CRS0530 - Missing Departmentalized Course Standards Grade Level Range Code	CR 1254	2	
52668	User Story	CRS0534 - CRSE/C records cannot have a future Academic Year	CR 1254	2	
53201	User Story	Update CALPADS Error List (v13.0, date July 13, 2021) in ALL CP Environments		2	
53003	User Story	CRS0126- Missing State Course Code		2	

ID	Work Item Type	Title	Source ID	Priority	Severity
52004	User Story	SPED0382 Invalid Student Age for Supportive Services Indicator	CR 1254	2	
52006	User Story	SPED0384 Invalid Student Age for Student IEP Participation Indicator	CR 1254	2
